

STARTER KIT - Welcome!

HELLO! Welcome to Round Table Talks. Round Table Talks are a time and space for students to connect with one another to talk, listen, laugh, vent, and help one another make sense of a difficult situation.

We put together this Starter Kit to help you plan and set up Round Table Talks for your class, club, school or district. Use it to get started, and contact us with questions, ideas or just to noodle on some ways to make this the best experience for your students!

STARTER KIT CONTENTS

○ Welcome!

You are here!

○ Why?

Background on why starting Round Table Talks is such an important and powerful process that students need right now to navigate a stressful and changing environment!

○ Where?

Ideas on where and how to set up Round Table Talks. There are many models and approaches that work great. We give you a few, but you should do what works for you!

○ Who?

Overview of some roles you'll need to get things started and keep things going. This will help you find the right people, both adults and students, to be a part of this important experience!

○ How to get to Wow!

"Rules for the road" to keep in mind throughout your journey!
